Pacific Life Insurance Company is licensed to issue insurance products in all states except New York. Product/material availability and features may vary by state. Insurance products and their guarantees, including optional benefits and any crediting rates, are backed by the financial strength and claims-paying ability of the issuing insurance company. Look to the strength of the life insurance company with regard to such guarantees as these guarantees are not backed by the broker-dealer, insurance agency, or their affiliates from which products are purchased. Neither these entities nor their representatives make any representation or assurance regarding the claims-paying ability of the life insurance company.

Pacific Life Insurance Company's individual life insurance products are marketed exclusively through independent third-party life insurance producers, which may include bank affiliated entities. Some selling entities may limit availability of some optional riders and investment options based on their client's age and other factors. Your broker-dealer or firm can help you determine which optional riders and investment options are available and appropriate for your clients.

Pacific Life Insurance Company's Home Office is located in Newport Beach, CA.
