

AVIATION ASSESSMENTS

MAINTENANCE & REPAIR

Aviation mechanics and service technicians are critical to safe operations. Beyond possessing the necessary technical skills, technicians must think critically and work in teams to get the job done right. Our assessments measure the characteristics needed to ensure new hires perform and fit with your culture.

CHARACTERISTICS MEASURED

- Safety Orientation
- Spatial Reasoning and Assembly
- Numerical Reasoning
- Problem Solving
- Operational Quality

PERFORMANCE OUTCOMES

- 24% higher supervisor ratings for producing quality work and complying with policies and standards
- 20% greater overall performance
- 12% greater compliance with safety regulations
- Shows a “whatever it takes” attitude to getting work done, accurately
- Communicates and works effectively with others

POSITIONS

- Mechanic
- Service Technician

TIME TO COMPLETE

Assessments range from 10 to 30 minutes to complete and can be customized based upon your preferences.
